

2010 National Championship Regatta IC30A and IC25A

ATTACHMENT C

Courses to be used on Sunday, September 26th 2010

The Start/Finish area will be near **SD19** at the north end of Shelter Island.

The starting and finishing line will be between an orange flag displayed on the RC boat and the green channel marker **SD19**.

The course number for each class racing will be displayed on boards on the RC boat no later than the warning signal.

Courses have been designed taking into account the fleets that are racing and the conditions prevailing at the start. It is entirely at the discretion of the Race committee which course(s) are assigned.

Most racing marks on the course list are San Diego Bay channel buoys approximately as shown on the bay outline above. (All racing boats should verify actual mark positions on San Diego Bay navigation charts.)

2010 National Championship Regatta IC30A and IC25A

Other marks used on these racecourses are described below:

Mark “NB” is a large concrete Naval Mooring buoy in the Coronado roads at approximately 110° magnetic and 2.6NM from buoy SD8. (Marked on charts as ‘TG-1’).

Mark “FM19” is a Naval Mooring buoy at the east end of Harbor Island off Island Prime restaurant. (Care should be taken not to confuse this mark with SD19 channel buoy.)

Mark “CB1” is a green channel marker buoy at the entrance of the America’s Cup Harbor (Commercial Basin) at the north end of Shelter Island off the Bali Hai restaurant.

Mark “GB1” is a green channel marker buoy at the entrance of Glorietta Bay Just south of the Coronado Bridge.

Mark “G” is a small yellow buoy marking the southeast corner of the anchorage at the foot of Laurel Street between the Star of India and the Coast Guard station. (The letter “G” is marked on the buoy. Care should be taken to identify it properly. There is a similar buoy “F” that marks the southwest corner of the anchorage and is further from shore.)

All marks to be rounded to Port except when marked (S) on the course chart.

Course Number	Mark	Mark	Mark	Mark	Mark	Course Length
1	Start	Buoy SD21 (S)	Finish			2.5
3	Start	Buoy SD21 (S)	Buoy SD22	Buoy SD21	Finish	4.5
5	Start	Buoy SD21 (S)	Buoy SD23	Buoy SD21	Finish	5.6
7	Start	Buoy SD21 (S)	Buoy SD24	Buoy SD21	Finish	6.3
9	Start	Buoy SD21 (S)	Buoy SD26	Buoy SD21	Finish	8.5
Course Number	Mark	Mark	Mark	Mark	Mark	Course Length
2	Start	Mooring FM19 (S)	Finish			3.0
4	Start	Mooring FM19 (S)	Buoy SD22	Mooring FM19	Finish	4.8
